

# SAFETY ALERT

Asbestos Safety Alert 4 | Date: 1 August 2017 | Version 1

## STOP!

### ASBESTOS IS A SIGNIFICANT RISK!

### ELIMINATE

ASBESTOS CLADDING MUST ONLY BE REMOVED BY A LICENSED  
ASBESTOS CONTRACTOR

#### ASBESTOS CLADDING

- Asbestos fibro cladding can be found on buildings - including houses, sheds and garages and also in bathrooms and wet areas.
- It contains a significant percentage of asbestos fibres and must not be disturbed.
- Only SHL approved contractors who have been verified as competent or hold an asbestos license are authorised to conduct works.
- Asbestos cladding must **ONLY** be removed by a licensed Asbestos contractor.
