

WINNING ATTITUDE: Spencer Henshaw Ltd's Tom Lavery says the MTN team always has a smile, and is well trained and friendly - 'nothing ever seems to be too much trouble for them'.

Congratulations MTN Kitchens and Maintenance!

This quarter the Star Subbie Award is presented to Auckland's MTN Kitchens and Maintenance.

MTN's head PBMC contractor is Spencer Henshaw Ltd and Operations Director Tom Lavery says the company is highly deserving of the award.

"MTN are a solid and consistent performer across all of our three regions," Tom says. "The director, Mike Gani, runs his business very efficiently and we're always impressed by the order and organisation of the work areas when we visit his premises."

But Tom says it's their strong attention to health and safety and the quality and efficiency of their work out on the job that's most impressive.

"They've engaged specialist health and safety assistance and reviewed all their internal processes and the results are obvious to see.

"Fitting a new kitchen in a tenanted property presents a potential health and safety risk, but Mike reviews each site himself before sending his personnel in and the team then work efficiently to minimise downtime for the tenant while also paying careful attention to health and safety...particularly if there are young children or people with special needs at home. When a member of our team has attended to check a new kitchen installation the tenants are always very pleased with the work done and the end result."

Housing New Zealand's Maintenance Manager for South and East Auckland, Brian Farrell, says he was delighted to hand the award over to Mike.

"It was inspiring to visit Mike and his team and have the pleasure of presenting them with this award. They are clearly passionate about their trade and have a real commitment to quality products, exceptional customer service and doing the right thing for Housing New Zealand and our tenants. I was truly impressed."

And MTN were humble in receipt of the gong.

"I'm overjoyed - it's an achievement that's brought great pride to the team at MTN," says Mike Gani. "Winning this award wouldn't have been possible without the inspiration I receive from all my staff, who I have the deepest respect for. Thank you to Spencer Henshaw and Housing New Zealand for recognising us."

Since 2012 MTN has grown from a small responsive contractor employing a handful of people to a company that services three Auckland regions and employs 19 staff.

Outstanding job MTN!

WORTHY RECIPIENT: Housing New Zealand's Brian Farrell presents the Super Subbie Award to Mike Gani of MTN Kitchens and Maintenance.
