

SAFETY ALERT

Lead Paint Safety Alert 3 | Date 27th February 2018 | Version 1

STOP!

Lead Paint is a significant risk!

Only authorised workers may enter properties where lead paint removal is in progress

- Due to the recent changes in the HNZN Lead Paint Policy there is now even more focus on safety around lead painted materials and the removal of lead paint.
- On any property where lead paint removal is underway and where the above signage (or similar) is posted (on doors, windows and exterior work areas) you are **not** permitted to enter the property/area until the work has been completed by the assigned contractors and the signage has been removed.
- Only **authorised** workers wearing **appropriate PPE** are permitted to remove lead paint or lead painted materials.
- All workers must be aware of this requirement and comply accordingly.
